Why is Cyber Space so Important?

Presented by: Nevada Management Assistance Partnership (MAP)

Featured Speaker:

Mark Hovind

Mark is the President and CEO of Turnaround Technologies. After graduating in Engineering from the University of Illinois in 1974, he worked his way up through the ranks from staff engineer to VP, Director, GM, COO and CEO. He's helped small and large companies, including Transamerica, Delco Electronics and Aramco in Dhahran, Saudi Arabia. He's managed 350 employees, a \$700 million budget and helped take two companies public.
